About the brands

Renowned as a professional, customer-focused producer of textile floor coverings, **Balta** encloses a range of brands excelling in the manufacture of carpets & tiles for residential and commercial spaces.

Residential flooring

ITC stands for high-quality residential wall-to-wall carpet made from polyamide.

Balta carpets is known for its expertise in tufted and woven wall-to-wall carpet made from polypropylene.

Balta home is a well-known Belgian producer of mechanically woven and tufted rugs.

Luxury Carpet Tiles

Luxury Carpet Tiles

LCT First and **LCT Home** offer a wide range of multi-functional carpet tiles for residential use.

CAPTIQS is a producer of technical and residential needle punched non-wovens.

Commercial flooring

arc edition offers an extensive range of commercial wall-to-wall carpets. The brand offers both ready-to-go collections on stock or custom-made designs created on demand.

modulyss makes high-quality carpet tiles and always aims to inspire, across the world but with a sustainable approach.

LCT PRO is the brand of carpet tiles for the international commercial market.

NATURE FLATWEAVE AT YOUR FINGERTIPS

Discover the website & explore the creativity of Nature flatweave carpet collection.

The Nature flatweave carpet collection features beautiful flatweave textures suitable for outdoor or indoor use.

Made with StainSafe® the collection brings the woven look of natural carpets without the fussy maintenance.

Now through a new website, you can explore the creative possibilities of woven styles from Balta by browsing stock collections, or discover a range of inspirational A la Carte designs.

Search by colour, pattern or collection to see an incredible array of styles, or use them as inspiration for your very own custom flatweave carpet.

A la Carte carpets can be ordered from just 680 m². With a gallery of lifestyle images, as well as specialist fitting instructions required for these styles, the website is the first point of call for anything related to practical flatweave carpets.

PREVIEW

SHEER ILLUSIONS

DIGITALLY PRINTED ON OUR NEW CLOTH 'SCIROCCO'

In an attempt to take minimalism a step further, designers adore to create interior spaces animated by see-through decor. Transparent items make places look bright because they reflect natural light giving a visual effect of brightness and amplitude.

A backlash from the increasingly extravagant decor wave, this ultra-minimalism speaks to a desire to do away with hard attempts at ornamentation in favor of simplicity & effortlessness.

LUCITE & TRANSPARENT INTERIORS DIVERGE FROM EXTRAVAGANCE.

DELIGHT COLLECTION

Delight is a three-strong collection of extraordinary wall-to-wall carpets to lift hospitality, leisure and commercial interiors with shimmering effects and subtle metallics.

DIGITAL EXISTENCE

FROM FISHING NETS TO CARPET

Did you know we've used the 100% regenerated ECONYL® nylon yarn to design both Blaze^{w2w} and Gleam^{w2w}, part of the Delight collection?

The high-grade ECONYL® nylon yarn is derived from recovered fishing nets and other waste materials that are regenerated through the ECONYL® Regeneration System by Aquafil, Europe's premier manufacturer of PA 6 carpet fibre.

Recovering ghost fishing nets is made possible by Healthy Seas®, a cross-sector initiative created by two NGOs and two businesses, among which Aquafil, that have joined forces to tackle the problem of marine litter.

PILE MATERIAL ECONYL® yarn + PA 6
PILE WEIGHT Ca. 1.300 g/m²

Mixing metals by combining deep colours and different textures and metallic finishes, has been an edgy interior and fashion trend for some time. Delight is arc edition's sophisticated response to the mixed metallic trend.

Discover the story of the Delight collection

cated shine. The combination of both types of yarn allowed us to represent the metallic effect subtly and more alluringly. Our plan was to do this for several products, each having their own look. The 3 designs are tied together by their similar colour palette and different but compatible textures, which also allows them to be mixed & matched, one of the strengths of arc edition's collections.

Blaze^{w2w} was inspired by the digital pixel rain. It combines the minimal design of a minituft with a subtle shine and an irregular yarn pattern.

Inspired by the lush and luxurious residential carpets, Gleam^{w2w} offers a rich and dense carpet. It invites you to take off your shoes and feel its softness. When you walk on it, the long piles lie in different directions, providing a deep texture and a colour-changing effect that we love. By adding black yarns to the dull and glossy yarns, we created an even more intense and aged colour effect.

For Spark^{w2w}, we started with a layer of colour and put a subtle metallic effect on top. The colour palette allows you to go for a tone-on-tone look, or to create a bold colour combination.

— How can Delight's colour palette be described?

Metallic chic is all about rich and deep colours. For Delight, we based our colour palette on the main metallic hues like gold, copper, silver and rose gold, to which rich and trending colours were added. From the start of the design process, we kept in mind that the 3 products should be mixed & matched and thus be designed in similar colours.

Delight is our sophisticated response to the mixed metallic trend.

&-collection

The &-collection is our long-running coordinated approach to the way we design carpet tiles. Bold & vibrant, sophisticated & luxurious; & is a collection of carpet tiles that bring personality to every space. Each year we create a new design to extend the collection, offering new variations in pattern, texture and colour.

modu
lyss®

Fluid& 306, Fashion& 105, 206, Velvet& 213

Fluid&

The newest addition to the coordinated &-collection, is a mind-blowing carpet tile range that brings a bold splash of colour, elevating the look of commercial spaces.

Fluid& is inspired by the organic, free-flowing aesthetic of adding paint to water. It reflects natural fluidity and rejects any need for flawless precision. In fact, it embraces the opposite: Fluid& is perfectly imperfect in its approach to pattern.

Fluid& 306, Fashion& 832, Velvet& 283

luscious colours

Fluid& 604, Velvet& 616

The colour palette of Fluid& includes luscious tones of ochre, green, blue, rust and grey. Harmonising beautifully with all products in the &-collection; the colour, pattern and textures of Fluid& can be used alongside the subtle linear texture of Fashion& or the vintage velvet look of Velvet& for a beautiful tone on tone effect.

FLUID& COMES

Automotive solutions

CAPTIQS® Automotive proves itself as a reliable partner for Automotive non-woven solutions.

Our liners and non-wovens in different weights, and with various structures and finishing are processed by TIER 2 customers into structural parts such as: wheel arch liners, under shields, luggage compartments, passenger compartments and technical liners.

Our products mainly are made out of PP, PES or a blend of both materials.

XPO FLAT

XPO, our event carpet range

XPO FLAT and **XPO MAT** with rib structure are the perfect temporary floorcovering for exhibitions, sporting events, parties, trade shows, etc. A fast respond time, trustful stocklevels and high quality product offering make Captiqs a premium and reliable partner to our customers.

- pile material: in house polypropylene fibres
- color range: 31 colours
- standard widths: 200-400 cm – other widths available on request

XPO DESIGN brings five high-definition 720dpi digital designs that raise the bar in creating inspiring floor spaces for events, exhibitions and trade-shows.

- 100% recycled PES needlepunch construction
- 5 designs available from 800m²: parquet, backstreet, sport grass, carrara, cobblestone
- versatile 200cm width
- anti-slip gel foam backing
- easy to install, handle & store

XPO DESIGN COBBLESTONE

Carpets, cam carpets, flags, banners... our printing cloth is an ideal solution for high-resolution digital printing. CAPTIQS® Printing is supplying textile print media for the soft signage market.

Large format textile print media

OUTDOOR PRINTING CLOTH

The products are perfectly suited for your marketing campaigns, sport events and trade shows, both outdoor and indoor (flame retardant M1/Bfl-s1/ Cfl-s1 range available).

100% polyester banners and floorcoverings in large format, up to 5m, suited for most roll to roll digital & screen printers, are offered.

Finally, due to our vertical integration, our extensive know-how and our sophisticated quality control system, we can guarantee the highest print quality and the most competitive price.

Compared to the classic vinyl sheets our **TEXTILE BANNERS** offer the following benefits:

- lighter & easier to install
- environmentally friendly (PVC-free & recyclable)
- better tear resistance
- air permeable (wind gusts)
- textile 'look & feel'
- velcro receptive

INDOOR & OUTDOOR USE

BANNERS UP TO 5M

OUTDOOR RUGS *are trending*

Expanding the indoor home feeling to the outdoor area is very trending in Europe the last couple of years. Outdoor rugs are a perfect add-on to instantly boost the coziness of the outdoor living space.

NEW PRODUCTS

Balta home is the 'Champion of outdoor rugs'.

- 100% PP
- easy to clean
- in- & outdoor
- suitable for floorheating
- well used as face value
- UV protected

Outdoor living

More and more people get convinced of the advantages of outdoor rugs (which of course can also be used inside). They serve as a protection of the outdoor flooring, they are a cold barrier for bare feet on too hot dark terrace tiles during summer and they prevent tripping on wet slippery porches.

Wide range

Balta home offers a very wide range of outdoor rugs, from natural looking all-over flat weave patterns, to bright coloured, trendy designs in low pile constructions. Since Balta home introduced exciting colours and designs a few years ago, in the – until then – rather characterless world of outdoor rugs, this product category is booming in Southern Europe.

Easy to clean

Thanks to the durable, UV-protected, manmade material and the water permeable construction, the high-qualitative Balta home outdoor rugs are very easy to clean and resist all weather conditions.
