Tropical Blend

CHOOSE TO CREATE COLLECTION

Create your individual 'Tropical Blend' floor

Discover the new TROPICAL styles and their preconfigured design options in this brochure and on the arc edition website.

Choose to Create allows you to quickly and easily create your own personalised textile flooring solution. Thanks to digital printing technology we are able to evolve nature's bounty into new exciting patterns. With Tropical Blend, this technology can apply high-resolution, high-contrast patterns, or take a more tonal approach with refined nuances. Count on eye-catching details, impactful effects and a sense of depth.

Choose between cut pile, saxonomies and loop pile structure options to bring out the very best in your Tropical Blend designs, and select the performance/comfort balance required for your project.

1/

Relax with Tropical Blend

‘Tropical Blend’ – a theme that ushers a green utopia into your interior. The abundance of nature has something to offer to everyone. Sublime, soothing, calming, outspoken, eye-catching... This flooring design embraces the beautiful patterns that nature so generously offers.

2/ Tropical Blend-the shades

go for a green oasis

Botanical hues blend but also set the tone of the interior decoration. If you seek to fill your project zone with constructive colour influences, Tropical Blend offers plenty of natural shades that stimulate balance, growth and restoration.

'Choose to create' your individual flooring

4 steps to a personalised flooring design

1. **Design:** use our online guide to quickly select the design that fits your project.
2. **Colour:** choose from a broad range of curated shades to match individual schemes.
3. **Cloth:** select the high-performance carpet type to deliver the look and features you need.
4. **Backing:** choose from 3 backings to add stability, comfort and acoustic insulation.

Accommodates designs for spaces from 240 m² in surface area and up to 5m wide.
